

2014 TOW SPORTS WAKE™ 155

Made for those who can't imagine water without the sports. This truly dedicated tow sport watercraft with a retractable ski pylon with high tow point that keeps the rope out of the water delivers versatility to make wakeskating, wakeboard and tubing as fun as possible. It's the official partner of the Nike 6.0⁺ Wakeskate Team.

Dayglow WAKE ☀️

RIDER CAPACITY

Weight capacity..... 600 lb / 272 kg

DIMENSIONS

Fuel capacity..... 15.9 gal / 60 l
 Length..... 132.6" / 336.8 cm
 Width 48.5" / 123.1 cm
 Weight (dry)..... 799 lb / 363 kg
 Storage capacity 30.8 gal / 116.6 l

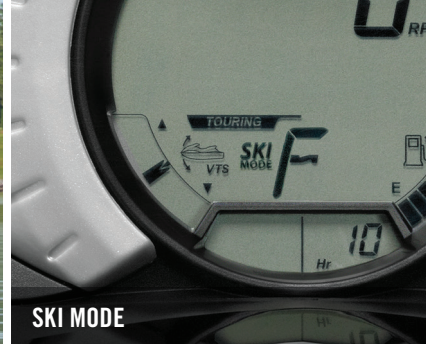

HULL

Type..... GTI
 • Medium sized platform
 • Moderate V hull
 • Forgiving and nimble

ENGINE

Type..... 1503 NA Rotax® 4-TEC® engine
 Intake system..... Naturally aspirated
 Displacement..... 1,494 cc
 Cooling..... Closed-Loop Cooling System (CLCS)
 Transmission..... iBR® with electronic brake, neutral and reverse
 Starter..... Electric
 Fuel type 87 octane

¹Wakeboard not included.

SKI MODE

3-POSITION RETRACTABLE SKI PYLON

REMOVABLE WAKEBOARD RACK¹

FOLD-DOWN REBOARDING STEP

DRIVING CENTER INCLUDING ECO™ MODE

STORAGE COVER (OPTION)

WAKE 155

ENGINE

- 1,494 cc four-stroke, 1503 NA Rotax 4-TEC engine provides reliable performance in fresh or salt water, increased torque at low RPM, optimized power at all RPM levels and throttle positions.
- Rotax with four valves per cylinder
- iTC™ (Intelligent Throttle Control)..... Operating electronically, this advanced throttle system starts you in neutral for easier dockside starts. It also features an activity-specific cruise control, Touring / Sport mode and ECO mode that can all be set to accommodate your riding style. The result is a more responsive, more intuitive ride.
- iControl® Learning Key® The programmable Learning Key allows you to limit the performance of the PWC based on rider skill-level.
- D-Sea-Bel™ system Combines a series of resonators and vibration-absorbing components to make Sea-Doo watercraft some of the quietest on the water.
- Closed-Loop Cooling System..... Uses coolant to keep the engine running at the ideal temperature, much like a car's radiator. Also keeps out corrosive saltwater and debris.
- Handlebar-mounted Engine starts and stops with single, start/stop button user-friendly control button.

FEATURES

- iControl..... The "Brain" that integrates and controls all systems to create the best possible ride.
- Touring / Sport mode Offers a choice between two throttle responses for different riding styles. Touring mode is the default setting offering a more progressive acceleration curve for a more confident ride – ideal for cruising and 2-up riding. Sport mode can be easily activated using the Sport button. It provides all acceleration performance for a more aggressive throttle response.
- ECO mode..... The iTC function that automatically determines the most economical power delivery and sets the optimal RPM for greatest fuel economy.
- Footwell carpets..... Offer extra comfort, non-skid surface and great looks.
- 3-up seat Comfortable room for three – permits rear-facing spotter for watersports.
- Elevated fuel filler Easy access and prevents water intrusion while refueling.
- Fold-down reboarding step..... Makes reboarding from the water easier and quicker.
- Multifunction Digital Information Center Reports 26 key operating functions: Fuel level, Tachometer, Speedometer, Hour meter, Compass, Clock, Cruise control, Ski mode, Slow mode, Fuel consumption meter, ECO mode, Touring / Sport mode, VTS™, F-N-R indicator and more.
- Digitally Encoded Security System (D.E.S.S.™)..... Industry's first digitally encoded theft-deterrent system.
- Off-Throttle Assisted Steering (O.T.A.S.™)..... Provides the operator with additional steering effect in off-throttle situations for greater maneuverability.
- Sponsons
- Bumpers
- Swim platform carpet with Sea-Doo logo
- Rear grab handle
- Wide-angle mirrors
- Dual drain plugs
- External exhaust cooling flush attachment
- Emergency floating lanyard
- Seat strap
- Operator's guide, instructional video and booklet

PROPULSION SYSTEM

- iBR (Intelligent Brake & Reverse) system..... The world's only on-water braking system, iBR lets you stop up to 100 feet sooner than any other watercraft? All with the squeeze of a lever. And with its electronic reverse, it gives you a level of maneuverability that makes docking easier.
- Stainless steel impeller Delivers improved acceleration, higher top speed and less cavitation.

WAKE PACKAGE

- Speed-based Ski mode..... This advanced iControl feature allows the driver to adjust the intensity of the launch for different rider skill levels and tow sports while maintaining a constant speed. You get 5 acceleration profiles for the best possible tow sports experience.
- 3-position retractable..... Retractable, so it's there when you're pulling someone and out of the way when you're not. Also features spotter hand grips and rope storage
- Removable wakeboard rack..... Provides easy transport of a wakeboard to the ride site.
- WAKE Graphics..... Exclusive to the WAKE models

OPTIONS

- Depth finder
- Time / distance to empty
- Top / average speed / RPM
- Lap timer
- Engine temperature
- Removable dry bag for front storage
- Additional wakeboard rack
- Speed Tie™
- Removable storage bin
- Safety kit
- Bilge pump
- Flush kit
- Sandbag anchor
- Fire extinguisher
- Sea-Doo Move trailer
- Storage cover

WARRANTY

BRP limited warranty covers the watercraft for one year.
